The **Nidarosdomens Guttekor**, founded in 1927, is comprised of 40 boys and 20 men, and is the oldest boys choir in Norway. Based at Nidaros Cathedral in Trondheim, the choir sings a cappella pieces from Gregorian to modern times and includes larger pieces for choir and orchestra. The choir has performed in London, Moscow, Rome, Paris, Berlin and various American cities. They have also performed for the late Pope John Paul II and many of the European Royal families. During the last decade, they have made 10 CD recordings. This will be their first Canadian Tour.
